Costing (For Contractor Office use Only)					Confirmation of authorization to work on Engen Equipment								
	Qty	Unit	Rate	SubTot	<p>To be completed prior to commencement of work & in conjunction with the standard Permit To Work document</p> <p>This document is not a Permit to Work. The contractor is to submit a Risk Assessment and Permit to Work for the work to be carried out to the facility Owner / Manager for approval and signature. If different work types are to be done simultaneously, ensure the works are compatible with each other. The original of the Permit to Work is to be submitted with this Job Card to Engen Maintenance Dept. on completion. All Job Cards are to be closed on the Engen Vendor Extranet by the Contractor.</p> <p>REFERENCE PERMIT TO WORK No.</p> <p>.....</p> <p>(To be filled in by Facility Owner / Manager)</p> <p>PTW Issuer:.....</p> <p>Company:.....</p> <p><i>Note: In accordance with the OHS Act of 1993 section 9(1) and (2) the employer is obliged to safeguard all people from any hazards of his operation. This document will assist in achieving that. In addition to compliance with the OHS act of 1993, the conditions as laid out in Engen Rules & Regulations and any relevant Engen H&S specifications for contractors must be complied with.</i></p>
